

Ali Sangiovese di Toscana IGT

Made up of equal parts of two clones of Sangiovese, F9 and CH-20, this wine spends one year in stainless steel tanks prior to bottling and is then allowed to rest before shipping. The F9 Sangiovese clone contributes vibrant fruit qualities to the wine and the CH-20 provides structure. The name Ali means "wings" in Italian and is also the name of the winery owner Lia Tolaini-Banville's daughter. The artwork from the label is a detail of Cupid from the original artwork for the Bramosia Chianti Classico label by Rik Olsen.

Grape Varieties: 100% Sangiovese, 50% clone F9 and 50% clone CH-20

Exposure: South

Altitude: 200m A.S.L

Soil: Lime and clay, with a considerable presence of stones

Alcohol: 13.50%

Tasting Notes

This wine has aromas of juicy red berry fruit. Medium-bodied and soft on the palate, with balanced acidity and ripe tannins. Delicious with pastas and grilled meats, yet also very drinkable without food.
